This is to advise you of the results of our recent interview with Mr. [redacted] who was referred to us by your office.

Mr. [redacted] visited our personnel office on 23 July to discuss his general qualifications and employment interests. At the time of his interview, Mr. [redacted] indicated he now had an educational deferment from his Selective Service Board and that his primary interest at this time was in obtaining civilian employment which could be credited as military service or which would permit a draft deferment for him. Our representative explained to him that Agency employment could not be substituted for military service and that we requested deferment only for individuals possessing unusual and essential skills. Mr. [redacted] did not file a formal application and indicated that he would probably continue his education for the present.
